

Testimonials and Endorsements

To provide real-world feedback from Queensland educators who have participated in or reviewed ADD-Vantage training and resources.

“The ADHD professional development session delivered by Debbie Thompson from Add-Vantage at Helensvale SHS was incredibly valuable. The presenter was engaging and knowledgeable, providing practical strategies that our staff could immediately apply in the classroom. The accompanying resources—videos, quick tips, and the comprehensive e-book—are outstanding tools for deepening our understanding. The ADD-Vantage ChatAI is a game-changer, offering quick, reliable answers to ADHD-related questions. We highly recommend this PD to any school looking to strengthen their support for students with ADHD.”

Maria Hams, Deputy Principal, Helensvale SHS June 2025

“Working with ADD-Vantage has supported staff across our P-12 College to develop their knowledge and ability to identify and cater for the needs of students with ADHD. The professional development sessions have also supported staff to alter their mindset around some of the common misconceptions around the engagement and behaviours of these students in the school setting to take a more supportive approach. Deb and her team have provided staff with a number of valuable resources to further develop their knowledge and contextualise the learnings from the professional development into their own classroom settings. This included a bank of practical strategies to apply within their classrooms to support all students and staff have responded positively to this and we are beginning to see these implemented in various spaces across the college. Staff have noted the benefit of this PD for all students within their classrooms as the strategies can be utilised universally for the benefit of the entire class or cohort of students.”

Rowena Lewis, Deputy Principal Inclusion P-12, Upper Coomera State College April 2025

“Finding effective strategies to support students with ADHD can be challenging, but this support video is a game-changer. The content is practical, precise, and directly applicable across all year levels. It has sparked rich discussions among our staff and helped us reflect on how we cater for neurodiverse learners. The fact that it's short, easy to access, and linked directly to classroom practice makes it incredibly valuable.”

Kylie Oxenford, Deputy Principal, Keebra Park SHS, Gold Coast Feb 2025

“Debbie’s training delivered precisely what our teachers needed—practical strategies for managing ADHD in the classroom. Her firsthand knowledge and interactive tools provided immediate support and gave our staff actionable ways to enhance student engagement and inclusivity. The real-time digital research tool was an invaluable addition, allowing teachers to access specialised ADHD insights anytime.”

Peter Dallas, Deputy Principal, Varsity College, Gold Coast Nov 2024

“ADD-Vantage provides an excellent set of resources for educators who want to understand their students with ADHD, and offer them the chance to realise their potential. It also shows how ADHD can fuel creativity and critical thinking in the classroom.”

Amanda Wallas, Head of Study Skills, St Rita’s College, Brisbane

“Debbie’s presentation equipped our team with practical ADHD strategies we could use immediately in the classroom. Her AI-research tool was a hit, empowering staff with on-demand support tailored to our needs.”

Emily Milne, Inclusive Team, Varsity College, Gold Coast

“The valuable educational support and research-based resources offered by ADD-Vantage for teachers and parents are informative and engaging. Debbie Thompson has blended innovative research with practical tools that are sure to empower schools.”
